FIGURE LEGENDS

**Figure 1** Mean (SD) of dietary calcium density, by age class in men and women. The D.E.S.I.R. Study

**Figure 2** Means of systolic blood pressure and HDL Cholesterol, by quartiles of dietary calcium density in women. The D.E.S.I.R. Study.
Dietary calcium density ($\mu$g.kcal$^{-1}$.day)

- < 40 years
- 40-50 years
- 50-60 years
- > 60 years

Men
Women
Dietary calcium density (quartiles)

Systolic blood pressure (mmHg)

HDL Cholesterol (mmol/l)

Systolic blood pressure HDL cholesterol

Dietary calcium density (quartiles)
