**HAL** is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

Figure 1 : Dose-effect inhibitory activity of zuclopenthixol on *Toxoplasma tachyzoites*' growth. The non linear regression curves correspond to the 3 independent experiments, the IC<sub>50</sub> was then calculated as a mean with a 95% confidence interval from the 3 curves.
