**HAL** is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

**Table 3** Results from transmission disequilibrium tests, displayed as transmissions to all/ to males/ to females

polymorphism allele/category	frequency of transmissions		Chi-square (Stuart for multi-allelic)	P <sub>multi-allelic</sub> TDT	P <sub>TDT</sub>
	transmitted	non-transmitted
